Projects

Along with Me/ January 2020

https://play.google.com/store/apps/details?id=com.rnapp2021

https://github.com/ThirdProjectDev/rnApp2021

- Digital book companion prototype that highlights specific text and plays sounds associated with the text to accompany your reading.
    - Allows for account creation and login, and makes use of Firebase as a database to keep track of users.
    - Front-end built using React-Native, and node modules such as React-Native Highlight Words.

Once Upon An Adventure/ July 2020

https://onceuponanadventure.herokuapp.com/

https://github.com/AnnaxGrace/once-upon-an-adventure

- An educational website that uses RPG mechanics and mini-games to teach math, spelling, and typing.
    - Allows for account creation and login, provides educational mini-games made using grids and canvas in JavaScript, game progress is saved to the user's account and accessed from the databases using API calls. Made with React.js using functional components.

Education

UCSD Extension / Certificate

C# Programming
SEPTEMBER 2020 - PRESENT, CA

UCLA Extension / Certificate

MERN Stack
JULY 2020, CA

Meredith Manor / Certificate

Equine Practices & Leatherwork
JUNE 2017, WV

Los Angeles Pierce College / AS

Equine Science & Agriculture
JUNE 2015, CA

Self Care Sidekick/ June 2020

https://selfcare-sidekick.herokuapp.com/

https://github.com/tiiedye/personal_pet

- An app to care for a digital pet while taking care of yourself.

  - Allows for account creation and login, and makes use of databases to add, track, and complete activities.

Foodies & Movies/ May 2020

https://tiiedye.github.io/foodies-and-movies/

https://github.com/tiiedye/foodies-and-movies

- An app to find food and drink recipes, and random movies.
  - Uses third-party API's to filter through recipes, and uses local storage to save those recipes for ease of use.
